WARNING

Please read the instructions carefully and follow the assembly steps.

To ensure proper assembly, please follow all steps and use all parts provided. Not following this warning may result in serious injury to you or others.

To prevent misalignments, keep the screws loose and do not tighten them until they are all in their correct positions.

Avoid overtightening or forcing the screws, as this could cause them to break, strip, or damage the threads of the holes.

Using the wrong size of screws for a particular part could cause damage to the screw or the part.

Please lubricate all moving parts regularly and tighten all bolts and screws every 6 months, or as needed.
